

Mild Gel Wash

An oil-free facial cleanser with Free Glycolic Acid that thoroughly removes make-up, dirt, oil and dead skin cells, leaving skin soft and smooth.

Benefits:

- Utilizes unique qualities of Free Glycolic Acid to remove dead surface skin cells along with a blend of conditioners, moisturizers, and surfactants, leaving the skin feeling soft and smooth
- Oil-free
- Fragrance-free

Directions for use:

STEP ONE:

Use twice daily

- Dispense a dime size amount onto your hand and mix with a little water
- Massage over wet face and neck in a circular motion until it foams
- Rinse thoroughly with warm water and pat dry

STEP TWO:

- Use a product such as Sea Breeze or some other astringent containing Witch Hazel to further cleanse the skin

Facial Cream 1, 2, 3

An at-home customized "step up" cream using increasing levels of Free Glycolic Acid to prepare and maintain in-office peels and for an optimal anti-aging skincare regimen.

Benefits:

- Utilizes unique qualities of Free Glycolic Acid to exfoliate dead surface skin cells
- Fragrance-free

Directions for use:

STEP THREE:

Apply to cleansed face with tip of your finger and work the cream into the skin

- For the first week, wash of cream with warm after 10-15 minutes
- After the first week, you may leave it on all night

Lipid Recovery Cream

A non-comedogenic formula rich in Camelina Oil to calm stressed skin post-aesthetic procedure (chemical peels, lasers, microdermabrasion and fillers).

Benefits:

- Utilizes unique qualities of camelina oil to help reconstruct and preserve skin's lipid barrier function:
 - camelina: oil
 - Omega 3 and Omega 6 fatty acids assist in skin barrier repair
 - Vitamin E provides natural antioxidant benefits
- Sodium hyaluronate - helps in tissue repair and enhances skin's moisture retention
- Retinyl palmitate, pro-vitamin A, helps repair damaged tissue
- Shea butter, glycerin and vegetal squalane help hydrate and moisturize
- Fragrance-free
- Non-comedogenic

Directions for use:

- Apply a pea size amount to area treated after treatment or as directed by Dr. Rosenberg

Clarifying Cream, Rx

A lightweight nighttime cream formulated with 4% Hydroquinone, helps to lighten dark patches on the skin

Benefits:

- Hydroquinone helps lighten dark patches on the skin (such as melasma (Chloasma), freckles or solar lentigines) caused by pregnancy, birth control pills, hormone medicine, or skin injury
- Fragrance-free

Directions for use:

- Apply as directed by Dr. Rosenberg
- Contains Sodium Metabisulfite, a sulfite that may cause serious allergic type reactions (e.g. hives, itching, wheezing, anaphylaxis, severe asthma attack) in certain susceptible persons
